Imagine being a high school student who has spent **years** studying Spanish in the classroom, and now standing in Panama City and Costa Rica , where the language comes alive in the rhythm of the streets, the energy of the markets, and the pulse of the music. *Students from all backgrounds* come together to make this moment possible, pooling their creativity and determination through food sales, community outreach, and collective effort to turn a shared goal into reality!

**Now, they're asking for the community's help to bring their dream to life!**

**For many of these students, this will be their first experience traveling abroad! It's an opportunity to see the world, connect with their cultural roots, and gain confidence in their voices as global citizens!**

Through EF's Explore Panama/ Costa Rica Program, students can:

- Strengthen their Spanish by hearing diverse accents and engaging in real conversations with locals.
- Visit cultural landmarks such as the Panama Viejo ruins, the Miraflores Canal Visitor Center, and El Valle de Antón and Arena
- Learn about Panamanian traditions, indigenous communities, and the country's global role as a bridge between oceans and cultures.
- Experience the national cuisine firsthand, meeting chefs of traditional dishes and learning about the connection between language, food, and identity.

**To make this journey possible, we need to raise $15,000 to cover travel costs, lodging, meals, and program expenses. Every contribution ensures that financial barriers don't stand in the way of this powerful learning experience!**
